HOMES THAT  LOVE YOU

At Sanskruti, the homes are not cold-hearted structures of steel and cement.
They have a heart. And they care. They come with small, heart-warming gestures,
to make your daily life easy, comfortable and friendly.
Rounded corners that can't hurt kids. Mosquito nets to safeguard your family.
Twin toilets so you never have to queue up.
All these and many more thoughtful utilities, that are a real blessing.
They can come only from someone who loves you

THOUGHTFULNESS FOR A BETTER LIFE

With five towers rising out of a sprawling green landscape, Meander is located in Wagholi, East Pune's most promising residential location. With the IT hubs of Kharadi and Viman Nagar in close proximity and easy connectivity to Pune Airport, Meander is a one-of-its-kind residential project. The reason for that isn't just the 'where', but more so about what's in it. That's because Meander has been thoughtfully planned with a host of internal and external features hand-picked to make your life better, easier and worry-free.

RETIRED HURT?

ROUNDED WALL EDGES

Kids will be kids, and there's no getting around that. So instead, we decided to make your homes child-safe, with a simple innovation: wall edges that don't taper to a sharp corner, but gently come together with a slightly rounded shape.

CHAI WITH FLY?

MOSQUITO MESH, EVEN IN BATHROOMS

Nobody likes having flies and mosquitoes flitting about indoors and yet, most homes have way too many gaps that can be used by these pests to easily enter your home. Not so at Meander, where every possible point of entry has been covered with a mosquito mesh. Yes, even in the bathrooms.

SEEPAGE WARRANTY

When it rains in Pune, it pours: it's one of the things we all love about this city. However, pleasant weather can quickly turn unpleasant when the moisture finds its way into the walls of your abode. At Meander, all homes come with a seepage warranty, so you can say goodbye to ugly damp stains on your walls.
